

MARKING SYSTEM

HTM-THS 727, clear

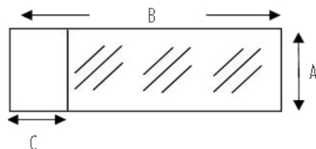

SumiTag Thermal Transfer Printable Self Laminating Label

Highlights

- Wire and Cable Identification
- Self-adhesive film
- Permanent solvent-based acrylic adhesive
- Suitable for thermal transfer printing
- RoHS and REACH compliant
- Standards: UL969 for Marking Standards

iTAG-Reference	Max. Cable/Wire Diameter mm	Width (A) mm	Height(B) mm	Print Area (C) mm	Roll Size
HTM-THS-127-190-WE-S-192	3.15	12.7	19	9.10	5,000

MARKING SYSTEM

HTM-THS 727, clear SumiTag Thermal Transfer Printable Self Laminating Label

Technical characteristics

Property	Test	Inspection requirements	
Physical	Adhesion from:	(oz/in)	(oz/in mNM)
	- Stainless Steel	82.5	65-100
	- Acrylic	77.5	60-95
	- Glass	77.5	60-95
	Expected Shear:	20	
Chemical	Topcoat	0,0889 mm	
	Film	Matte flexible film	
	Adhesive	Acryl 0,02 - 0,023 mm	
	Liner	Densified Kraft, 0,079 mm	

Delivery format:

Pre-cut, each with 3 central guide holes, carrier material (is not perforated), on roll (printed or unprinted)
